This Is The Beginning of Something Transformative

Digital Statement Delivery & Payment Solutions

Patients are expecting faster, more tech-based services

Enhanced eDelivery A dynamic hybrid delivery channel utilizing a calculated

A dynamic hybrid delivery channel utilizing a calculated rotation of text, eMail and paper correspondence.

Patients receive a secure email or text notification alerting them they have a bill ready to view and pay.

Once Patient Access Is Authenticated Patient Is Able To View

- Amount Due
- Date Due
- Bill Details
- Summary Of Services

And Click Pay Now Button

If action is not taken by the Patient a reminder is emailed or texted which is followed by a mailed paper statement.

Maximize & accelerate patient engagement at a faster rate with lower costs for you.
